DETAILED ACTION

Reasons for Allowance

1. Claims 1-4, 6-12 and 15-19 are allowed.

The following is a statement of reasons for the indication of allowable subject matter:

Regarding claims 1 and 9, Examiner's newly discovered reference Shaffer, after having all the limitations of the claim, fails to teach updating a list of messages for the user based on the collected filtered information as well as archiving information associated with the updated list of messages.

Regarding claim 17, Examiner's newly discovered reference Shaffer, after having all the limitations of the claim, fails to teach a first messaging server adapted to store messages from a first message feed for a plurality of users and a second messaging server adapted to store messages from a second message feed for the plurality of users as well as storing message headers based on the collected information. It is not obvious to modify the prior art to add these two features. Further, the addition of first messaging server and second messaging server would have required substantial structural to Shaffer.

Any comments considered necessary by applicant must be submitted no later than the payment the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should clearly labeled "Comments on Statement of Reasons for Allowance."
